Dear Renee,

I am delighted to report you as the top speaker during our Library Speaker Series 2008 at FIDM. We had many comments of thanks and appreciation for the way you honestly and "forth-rightly" talked to the room full of students.

"No fluff, this is what it is."

Many of these comments caught the attention of the VP of Education.
Thank you.

For most of last quarter we displayed one of your gowns in the library with some information about you. Response has been wonderful.

I hope we can grow in this friendship.

Sincerely,

James P. Glenny, PhD
